

Our Vision:

Our vision is to be recognized as a leading community organization delivering dynamic and empowering educational opportunities that address the evolving needs of all individuals in our region.

Strategic Goals, 2007-2011

1. Deliver proactive educational programs that positively impact the county and region.
2. Market our educational resources to attain community betterment.
3. Recruit and retain high quality staff and volunteers.
4. Implement an intentional program evaluation process.
5. Utilize the most effective technological resources to support programs and operations.
